Part II Section 501.01B Blanket and Other Policies Covering Multiple Properties ..... 3

GLOSSARY ..... 5

## 501.01B Blanket and Other Policies Covering Multiple Properties

### Requirements

The coverage provided by a blanket policy must be as good as, or better than, a single property insurance policy. The Property must be listed and identified in the policy or associated schedules.

### Guidance

A blanket policy includes

- blanket policies,
- blanket programs,
- first loss limit policies,
- first loss policies,
- layered programs,
- master policies,
- master programs,
- property programs,
- pooled insurance,
- pooled programs,
- shared limit policies, and
- similar programs insuring multiple locations under the same insurance policy.

Blanket policies are acceptable as long as

- all other requirements are met, and
- the Terms and Conditions endorsement does not reduce, limit, or exclude any required coverage.

When evaluating a blanket policy or multiple property policies, you should consider the following:

- Are the required coverages adequate for the subject property or properties?
- If the blanket policy limits are less than 100% of the total insurable value of the covered properties, is the shortfall warranted by high policy limits

and geographic dispersion?

- If the blanket policy covers high catastrophic exposure in a geographically concentrated area, is the limit adequate for the exposure, or should the Borrower obtain additional coverage?

Programs insuring properties that are not under common ownership with the Borrower or a Key Principal, Principal, or Affiliate of the Borrower, or managed by the same property management company may provide evidence of insurance that appears to be a standard layered program.

You should look for red flags signaling that a program may not be a standard layered program, such as:

- a significant savings in premium when a Borrower adds the Property to an existing policy; or
- a large, rounded coverage limit for property insurance.

You may confirm common ownership through an insurance broker or agent. If the covered properties are not related by ownership or under the same property management, you are expected to evaluate the insurance administrator, considering factors such as the acceptability of its business practices, possible payment of claim by the administrator, years in business, etc. This evaluation is in addition to the other analysis expected for blanket policies.

### Operating Procedures

You must document your analysis of any blanket policy in your Servicing File.
