 - conforms to the requirements in the USPAP; and
 - meets any governmental regulations in effect when the Mortgage Loan was originated, including the Financial Institutions Reform, Recovery, and Enforcement Act of 1989; and
- ensure all:
 - Potential Red Flags for Mortgage Fraud and Other Suspicious Activity were considered; and
 - unresolved red flags were reported per Part I, Chapter 3: Borrower, Guarantor, Key Principals, and Principals, Section 308: Compliance.

201.02A Appraiser Role and Qualifications

☒ Requirements

You must:

- Provide the appraiser all documents needed to accurately assess Property's value.
- Ensure the appraiser:
 - completely and accurately describes the Property and the market;
 - provides an opinion of the Property's market value, supported by
 - market data,
 - logical analysis, and
 - sound professional judgment; and
 - uses an industry standard form of Appraisal that is appropriate for the size and structure of the Mortgage Loan.

When selecting an appraiser, you must document that the appraiser is licensed or certified, as appropriate, per applicable state law.

When using an appraiser, you must ensure the appraiser (whether third-party or in-house):

- acts independently;
- does not participate in the Mortgage Loan approval; and
- is not a member of the loan origination or underwriting staff.

201.02B Valuation Date

Requirements

You must:

- update any Appraisal if the Appraisal Date is more than 6 months before the Commitment Date; and
- require a new Appraisal if the Appraisal Date is more than 12 months before the Commitment Date.

Guidance

For an Appraisal dated less than 12 months before the Commitment Date, you may obtain an updated Appraisal that complies with USPAP guidelines, dated within 6 months of the Commitment Date.

201.02C Appraised Value

Requirements

You must ensure the appraiser provides an opinion of the market value, on an “as is” basis, of:

- each separate Project per [Part II, Chapter 1: Attributes and Characteristics, Section 102.01: Single Borrower Ownership](#); and
- the aggregate market value of all Projects.

You may also request the appraiser provide an opinion of the Property's market value on an “as completed” basis, but you must only use an “as completed” Appraisal for the opinion of Appraised Value if all of the following conditions apply:

- less than 12 months have passed between the Borrower's acquisition of the Property and the Commitment Date;

- for any capital improvements made after the Mortgage Loan Origination Date to be considered in an “as completed” Appraisal, they must be:
 - Immediate Repairs listed in the PCA; or
 - improvements identified by the Borrower, if you agree the improvements will add Property value;
- all capital improvements are included in either the
 - Completion/Repair Schedule, or
 - Rehabilitation Reserve Agreement;
- sufficient funds to complete all capital improvements are deposited into either the Completion/Repair Escrow or the Rehabilitation Reserve Account:
 - for capital improvements identified as Immediate Repairs, the funds must cover any higher funding percentage you require; and
 - for capital improvements identified by the Borrower, the funds must cover the estimated cost (including an allowance for cost overruns); and
- all capital improvements are required to be completed in a timely manner:
 - those identified by the Borrower must be completed within 12 months after the Mortgage Loan Origination Date; and
