Part V Section 414.03 Casualty Loss Assessment 3

GLOSSARY 4

414.03 Casualty Loss Assessment

The Servicer must assess the extent and impact of any damage caused by a casualty, and ensure that the Borrower appropriately addresses the damage.

Within 45 days after learning of a casualty loss, the Servicer must document its Servicing File with the results of its casualty loss assessment. At a minimum, the Servicer must include:

- when the casualty loss occurred and when the Servicer was first informed of the casualty loss;
- the scope of the damage and its effect on the Property (e.g., impact on the habitability of the buildings, safety of the residents, serious injury or loss of life, project occupancy, and project income and expenses);
- the Borrower's plan of action for securing and restoring the damaged portion of the Property, and the status of the Borrower's efforts to implement the plan, including the specific steps to be taken (e.g., temporarily relocating tenants, preparing plans and specifications, awarding contracts, and commencing repair work);
- whether any environmental problems are associated with the damage, and if so, how they will be addressed;
- the projected cost to repair and restore the damaged Improvements, including any available information on contractors' bids or awards;
- whether the casualty loss is covered by the Borrower's insurance policy, the status of any insurance claim, and an estimate of the amount and timing of the funds to be received from the insurance carrier;
- the estimated amount of additional funds that the Borrower will have to provide from its own resources to complete all necessary repair and restoration work, and the current availability of such funds; and
- any other relevant information pertaining to the loss event that is known to the Servicer and could have a material bearing on Fannie Mae's interests.
