Chapter 1

Attributes and Characteristics

Section 101

Eligible Properties

Requirements

For a Mortgage Loan to be eligible for purchase, it must be secured by a multifamily residential property that meets all of the following:

- contains at least 5 dwelling units;
- does not include a stand-alone building containing less than 5 dwelling units (e.g., a single-family structure), unless it:
 - was originally constructed as part of a single multifamily development; or
 - is situated on the same tax parcel, or shares a tax parcel boundary, with a
 - multifamily property, or
 - MH Community;
- has suitable bathroom and cooking facilities within each unit;
- is located in 1 of the 50 states of the United States, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, or Guam;
- is located on a publicly dedicated, all-weather road, or is accessible by a satisfactory easement from this type of road;
- consists of either a single parcel or multiple parcels per [Part II, Chapter 1: Attributes and Characteristics, Section 102.01: Single Borrower Ownership](#);
- any commercial space is:
 - physically part of, and connected to, the multifamily space; or
 - a stand-alone building that is on the same tax parcel;
- has adequate water and sewer service, which may be delivered by a public utility or, where commercially acceptable for the market area, by a private system or utility;
- offers a suitable level of utility service (e.g., electrical, natural gas, refuse removal, etc.) for the market area;
- either complies with all applicable statutes, rules, regulations, and housing and building codes, or is being appropriately remediated;

- does not contain any Modular Housing; and
- has access to police and emergency services.

You must search the internet to confirm, and justify in the Transaction Approval Memo, if the Property has:

- any negative press;
- current or prior lawsuits;
- fair housing violations or other sanctions; and/or
- association with bad actors.

Guidance

To determine if a single-family structure was originally constructed as part of a single multifamily development, you should consider if all buildings:

- were originally constructed at the same time;
- were historically bought, operated, and sold as 1 Project since originally constructed;
- are generally consistent in physical appearance, with distinct boundaries such as
 - signage,
 - gates/fencing,
 - shared parking, or
 - dedicated streets;
- are located on a single tax parcel or adjacent tax parcels;
- are configured without any non-Borrower owned parcels or buildings separating/splitting or within the multifamily development; and
- are not part of a predominately homeowner development.

Section 102 Multiple Properties

102.01 Single Borrower Ownership

Requirements

If more than 1 Property secures a Mortgage Loan, you must determine if all multifamily buildings are part of the same Project. Buildings on multiple Properties are a single Project if all Properties:

- are only separated by publicly dedicated or private streets primarily intended for local residents or access to the Property, and not by major arteries or thoroughfares (i.e., streets primarily intended for traffic traveling through the area); and
- have the following characteristics:
 - all buildings have been operated as a single complex (e.g., no buildings are marketed separately to tenants);
 - the Properties are within
 - 0.5 miles or less of each other, and
 - the same submarket;
 - amenities at any building are available to tenants in other buildings;
 - amenities located in one building do not materially, adversely affect the rents at other buildings without similar amenities; and
 - the overall building configuration across the Properties does not result in elevated vacancy levels at any building.

If multiple Properties are not part of the same Project, you must:

- collect detailed individual data for each Property, including separate
 - rent rolls, and
 - operating statements;
- enter each Property in the “Properties” section of DUS Gateway;
- complete a Multifamily Affordability Estimator (MAE) for each Property per [Part I, Chapter 2: Mortgage Loan, Section 201: Registration and Multifamily Affordability Estimator](#);
- require every third-party report to assess
 - the Properties in each Project separately, and
 - all Properties in the aggregate; and
- enter each Property as a separate Property Collateral record in C&D.

When a Mortgage Loan not in a Credit Facility is secured by multiple Properties (whether in the same or multiple Projects), each multifamily Property must individually:

- comply with the minimum occupancy requirements in
 - [Part II, Chapter 1: Attributes and Characteristics, Section 105: Minimum Occupancy](#), or

- [Part III, Chapter 9: Small Mortgage Loans, Section 903: Occupancy](#);

- be located in the same MSA; and
- have an acceptable Property condition based on
 - your site inspection, and
 - any required PCA.

Guidance

For a Mortgage Loan secured by multiple Properties not part of the same Project, you may:

- accept a consolidated third-party report for multiple Projects, if each Property is identified and assessed separately; and
- consolidate the Underwritten NCF and overall underwriting in a single Transaction Approval Memo.

102.02 Joint and Several Borrower Ownership

Requirements

|---|--|
| <p>A Mortgage Loan</p> <ul style="list-style-type: none">• is made to joint and several Borrowers,• is secured by multiple Properties, and• has a Property owned by a different Borrower. | <p>The Mortgage Loan and each Borrower must comply with</p> <ul style="list-style-type: none">• Part I, Chapter 3: Borrower, Guarantor, Key Principals, and Principals, Section 302.01: Single-Asset Entity,• Part I, Chapter 3: Borrower, Guarantor, Key Principals, and Principals, Section 302.03: Joint and Several Borrowers with Multiple Properties , and• Part II, Chapter 1: Attributes and Characteristics, Section 102.01: Single Borrower Ownership. |

Section 103 Property Ownership; Leasehold

Requirements

You must ensure that the Property is owned in fee simple, unless the Property is held under an acceptable Leasehold estate.

Section 104 Ground Leased Properties

104.01 Generally

☒ Requirements

If the Property has a Ground Lease, the Mortgage Loan collateral must include a Lien on the Leasehold estate.

You must ensure that the Ground Lease complies with the Ground Lease Review Checklist ([Form 6479](#)), unless

- the ground lessor joins with the Borrower in executing the Security Instrument and grants a Lien on the ground lessor's fee estate, or
- the absence of the Leasehold estate would not have a material adverse effect on the Property's operation or value.

104.02 Ground Lease Rents

☒ Requirements

You must:

- establish an escrow for ground rents;
- ensure the Borrower deposits sufficient funds; and
- make all payments due per the Ground Lease.

104.03 Ground Lease Estoppel Certificate

☒ Requirements

You must obtain an executed Ground Lessor Estoppel Certificate ([Form 6495](#)).

104.04 Ground Lease Review

☒ Requirements

You must:

- review and analyze the Ground Lease to ensure compliance with the

requirements of this Section; and

- retain the completed [Form 6479](#) in your Servicing File.

Section 105 Minimum Occupancy

105.01 Residential Occupancy

Requirements

You must ensure the Property meets these minimum occupancy levels:

- 85% physical occupancy; and
- 70% economic occupancy.

These minimum levels apply on the Commitment Date and for the preceding 3-month period.

105.02 Qualified Occupants

Requirements

When calculating physical occupancy, you must only include tenants who

- physically occupy the unit, and
- have commenced paying rent.

Guidance

You may include any tenant who:

- was under a standard lease for at least 6 months, then converted to a month-to-month lease when the lease expired; or
- is under a lease with a term of less than 6 months, if shorter-term leases
 - are commonly accepted in the market area, and
 - do not reflect weakness in the market.

You may include non-revenue producing units such as

- management units,
- employee occupied units,
- maintenance units, and

- model units.

Such units should not exceed what is usual and customary for stabilized properties in the market.

Section 106

Certificates of Occupancy

Requirements

| Certificates of Occupancy | |
|---|---|
| For any... | You must... |
| Property with construction or rehabilitation work completed within the last 12 months | <ul style="list-style-type: none">• Ensure all units have a certificate of occupancy.• Obtain copies of all certificates of occupancy from the Borrower.• Retain them in your Servicing File. |

Section 107

Phased Properties

Requirements

If the Property is a Phased Property, you must evaluate

- how the Property will be affected by other phases, and
- if the Property can succeed independently from other phases.

Guidance

In determining if a Phased Property is viable as a separate Property, you should consider if:

- its ownership and operation are separate from all other phases of the complex;
- the Borrower is able to provide a separate leasing office;
- your underwriting has discounted any benefits derived from staff or facilities shared with other phases;
- the records and accounts used to underwrite the Property are separate from those of other phases;
- any cross-easements for the complex will survive an adverse action against another phase;
- any development of a future phase could materially interfere with or disturb the Property's

- occupancy,
 - marketability,
 - or living environment; and
- the Property is:
- marketable to tenants or a new owner, separately from other phases;
 - visible to the public without passing through another phase of the complex; and
 - accessible from a public roadway.

In assessing the impact of future phases on a Property, you should consider:

- the short-term impact of construction activity; and
- long-term implications for the continued economic viability of the Property, taking into account the allocation of costs for shared facilities (such as roadways).

Requirements

You may only Deliver a Mortgage Loan on a Phased Property if Fannie Mae holds all other Mortgage Loans secured by other phases of the complex.

When the Phased Property is owned or Controlled by the same Borrower or Principals as the other phases in the complex:

- all Fannie Mae Mortgage Loans on each phase must be cross-defaulted and cross-collateralized;
- when any new Phased Property Mortgage Loan is underwritten, the actual amortizing DSCR (per [Form 4254.DEF](#)) and current LTV for all existing Mortgage Loans on each phase must comply with Form 4660 for the same loan term, product, and Pricing and Underwriting Tier, where each property value is determined by
 - dividing the current NCF by the capitalization rate (i.e., a Direct Cap with Sales Comparables analysis),
 - broker's opinion of value, or
 - most recent Appraisal; and
- the new Phased Property Mortgage Loan must have a Prepayment Premium Period End Date on or before the Prepayment Premium Period End Date of the Mortgage Loans on the other phases.

→ Guidance

If a future phase is expected, consider issuing the first phase MBS with a potential future cross.

- the tenant is
 - paying rent, and
 - not delinquent on rent due outside the lease's cure period; and
- the underwritten commercial income includes the actual commercial rent due under the lease within 12 months after the Mortgage Loan Origination Date, including any

- sub-market data confirming a low commercial space vacancy rate;
- existing sustainable demand for the tenant's business type; and
- evidence that the Property's location has sufficient foot traffic to support the tenant's business.

109.01 Material Commercial Leases

109.01A Lease Review

Requirements

You must analyze all aspects of each Material Commercial Lease and its

- tenants,
- grantees, or
- other beneficiaries.

If Material Commercial Lease approval is required per [Part II, Chapter 1: Attributes and Characteristics, Section 109.01B: Lease Approval](#) you must:

- prepare a written summary of the material terms of the Material Commercial Lease; and
- keep a copy of your summary in your Servicing File.

Guidance

As you analyze the Material Commercial Lease, you should consider if:

- each tenant has the ability to fulfill its financial and other performance obligations under the Material Commercial Lease;
- the Material Commercial Lease insurance provisions are consistent with the insurance requirements in the applicable Loan Documents or otherwise prescribed by Fannie Mae;
- each tenant is required to obtain the Lender's consent before the Material Commercial Lease is
 - assigned,

- subleased,
 - subcontracted, or
 - otherwise transferred; and
- the tenant
- has early termination clauses, and
 - understands the conditions under which they can terminate, including
 - a material casualty or condemnation, or
 - if the landlord cannot substantially restore the premises in a reasonable period of time following a casualty or condemnation.

109.01B Lease Approval

☒ Requirements

| Material Commercial Lease Type | |
|--|---|
| Lease with Property Assessed Clean Energy (PACE) Financing | You must not approve any Material Commercial Lease that includes PACE financing. |

| Other Material Commercial Leases | You must only approve other Material Commercial Leases that comply with Part II, Chapter 1: Attributes and Characteristics, Section 109: Commercial Leases . |

109.01C Lease Modifications

☒ Requirements

As you review each Material Commercial Lease modification, you must consider if it:

- violates any of the requirements of this Section;
- contains terms that are inconsistent with the Mortgage Loan; or

- presents risks that are inappropriate for the Mortgage Loan.

If any of these conditions are present you must:

- require the Borrower to modify the Material Commercial Lease appropriately; or
- address the items in the Tenant Estoppel Certificate ([Form 6413](#)) and/or the Subordination, Non-Disturbance, and Attornment Agreement ([Form 6415](#)).

109.01D Tenant Estoppel Certificate

You must obtain a Tenant Estoppel Certificate ([Form 6413](#)) for each Material Commercial Lease.

109.01E Subordination, Non-Disturbance and Attornment

☒ Requirements

You must use [Form 6415](#) if:

- the Material Commercial Lease contains provisions for the Borrower to assume liability or other risks as landlord that would be unacceptable to the Lender in case of a Foreclosure Event; or
- the form
 - is necessary for subordination and attornment, or
 - would otherwise be beneficial.

You must ensure that each Material Commercial Lease (including any renewal or extension):

- is subordinate to the Lien of the Security Instrument; and
- requires the tenant to attorn to the Lender under the Mortgage Loan.

109.02 Non-Material Commercial Leases

109.02A Tenant Estoppel Certificate; Lease Modification

☒ Requirements

You must make reasonable efforts to get a [Form 6413](#) for each non-Material

Commercial Lease, other than leases relating only to equipment or maintenance services.

- require the Borrower to modify the lease appropriately; or
- address any inconsistencies or risks in a [Form 6413](#).

- an STR provider or platform, where the Borrower's tenants may make their units available for STR.

You should seek to establish a leasing history of at least 12 months for any STR unit.

Section 110 Renewable Energy Generation Systems

110.01 Acceptable Renewable Energy Generation Systems

Requirements

Any operational renewable energy generation system benefitting the Property or the Borrower must be:

- located on the Property;
- comprised of a Solar PV System;

- Borrower-owned; and
- installed, or installation will begin, on or before the Mortgage Loan Origination Date.

110.02 Solar Photovoltaic Systems

- The Borrower has all required permits, licenses, and certificates to comply with all utility tariffs and laws governing the
 - generation,
