## Section 303 Liens and Encumbrances

### 303.01 Generally

#### Requirements

You must ensure that the Property is free of all Liens and rights of others, except for

- Permitted Encumbrances, and
- cable and laundry leases per [Part II, Chapter 1: Attributes and Characteristics, Section 109: Commercial Leases](#).

You must analyze any restrictions on Improvements or the use of the Property, in order to

- determine whether the restrictions are acceptable, and
- make recommendations for addressing the restrictions.

Examples of restrictions that must be analyzed include restrictive covenants and any restrictions that have been offered, or accepted, in order to obtain a zoning approval or building permit.

If a non-MAH Property has an Affordable Regulatory Agreement, it must be subordinated to the Security Instrument Lien per [Part III, Chapter 7: Multifamily Affordable Housing Properties, Section 705: Restrictive Covenants and Affordable Regulatory Agreements](#).

#### Guidance

When determining whether a restriction is acceptable, you should consider whether a restriction could negatively impact the Property's

- value,
- use,
- security,
- marketability, or
- ability to generate NCF sufficient to pay debt service.

#### Requirements

You must analyze the impact of any restriction on the conversion of a

Property to a condominium or similar development.

Guidance

A restrictive covenant on condominium conversions will generally not have a negative impact if all of the following apply:

- The conversion restriction is for a period of 10 years or less.
- Any repurchase option or right of reversion in favor of a benefitted party:
  - is unconditionally subordinated to the Lien of the Security Instrument and to the Mortgage Loan;
  - includes an unconditional “standstill” provision prohibiting the exercise of such option or right while the Mortgage Loan is outstanding; and
  - automatically ends if a Foreclosure Event occurs.
- The covenant provides that no mortgagee, trustee, or beneficiary under any mortgage or deed of trust will be liable for any act, omission, or indemnification obligation of the Borrower or any prior or subsequent owner of the Property.
- The covenant does not require any mortgagee, trustee, or beneficiary under a mortgage or deed of trust to execute an assumption or similar agreement if a Foreclosure Event occurs.

If the Property...	You must...
Previously secured taxable or tax-exempt bonds	<ul style="list-style-type: none"> <li>• determine if the Property is subject to any requirements, restrictions or other features that survived repayment, and</li> <li>• analyze whether the surviving features will have a material adverse impact on you, Fannie Mae, or the Mortgage Loan.</li> </ul>

Guidance

A Property that secures, or has secured, bonds may be subject to certain requirements, restrictions, or other features that survive repayment of the bonds such as:

- rent, income, transfer, or other restrictions;
- master lease requirements that support such restrictions; and
- indemnification or other requirements that could
  - burden a future owner,
  - depress the value or marketability of the Property, or
  - prevent or inhibit foreclosure of a lien securing new financing.

### Operating Procedures

For any bonds being retired with the proceeds of a Mortgage Loan, you must prepare a written summary of the bond documents that:

- explains why any surviving features of the financing will not have a materially adverse effect on the Mortgage Loan, the Property, you, or Fannie Mae;
- gives an overview of the redemption process for retiring the bonds; and
- is uploaded into DUS Gateway prior to Commitment.
