Part II Section 305.02 Survey	3
GLOSSARY	5

305.02 Survey

Requirements

If you require an as-built survey, it must:

- meet the requirements of an ALTA/NSPS Land Title Survey (made per the 2021 Minimum Standard Detail Requirements), including the required certification; and
- allow the title company to delete the standard survey exception from the title policy.

Guidance

An acceptable as-built survey:

- should include these items from Table A to all the ALTA/NSPS Minimum Standard Detail Requirements: 1, 2, 3, 4, 6(a) and (b), 7(a), 8, 9, 10, 13, 16, and 18;
- may omit the following from Table A:
 - item 1 for a Property with a lot and block legal description; and/or
 - item 10, if there are no party walls; and
- should be dated within 360 days before recording the Security Instrument.

Requirements

If an existing survey dated more than 360 days before the effective date of the title insurance policy is used, it must satisfy all Title Insurance Company requirements for the deletion of the standard survey exception.

Guidance

The Title Insurance Company may require a “no new improvements” affidavit from the Borrower certifying that no changes have been made to the Property since the date of the survey. An existing survey dated within 360 days before the effective date of the title insurance policy, but not prepared in connection with the origination of the Mortgage Loan, may be recertified to you, the Title Insurance Company, and Fannie Mae for the Mortgage Loan.

You should consider whether an adverse circumstance found by a survey would be acceptable. Examples include:

- encroachments over boundary lines, setback lines, or easements; and
- the absence of necessary appurtenant easements, such as a storm or sanitary sewer easement.
