## Chapter 6 Manufactured Housing Communities

### Section 601 Description

---

#### Requirements

An MH Community is a residential real estate development with lots on which Manufactured Homes are located, together with amenities, utility services, landscaping, roads, and other infrastructure.

### Section 602 Lender Eligibility

---

#### Requirements

You must be approved in writing to Deliver MH Community Mortgage Loans.

### Section 603 Legal and Property Compliance

---

#### 603.01 Borrower and the MH Community

##### 603.01A Borrower Ownership

#### Requirements

If the Borrower is a non-profit entity, then you must ensure that each of the following complies with [Part I, Chapter 3: Borrower, Guarantor, Key Principals, and Principals](#):

- the Borrower;
- Key Principals;
- Guarantors; and
- Principals.

#### Guidance

If the Borrower is a non-profit entity, you may reimburse the Borrower from the Origination Fee for up to a combined total of \$10,000 for the cost of any required MH Community Mortgage Loan third-party reports (e.g., Appraisal, Environmental Site Assessment).

#### Operating Procedures

Fannie Mae will reimburse the cost of any third-party report within 2 months

after the delivery of the Mortgage Loan. To receive reimbursement, you must:

- request an invoice from the vendor with the report cost listed as a separate line item from any ancillary charges (Fannie Mae will not reimburse other costs such as fees for expediting a report);
- within 1 month after the Mortgage Loan Origination Date:
  - complete [Form 4829](#), detailing the Lender's information, the commitment number or loan number, Property information, wiring instructions, and listing the third-party cost as "Other" (note that any fields related to servicing may be left blank); and
  - manually sign or e-sign [Form 4829](#), scan or save it as a PDF file, and email the signed PDF [Form 4829](#) and the third-party report invoice to: [mhc\\_report\\_reimbursement@fanniemae.com](mailto:mhc_report_reimbursement@fanniemae.com).

### **603.01B** Collateral; Borrower-Owned Homes and Affiliate-Owned Homes

#### Requirements

The collateral for an MH Community Mortgage Loan consists of

- the MH Community's land and infrastructure,
- the rents for the MH Sites, and
- any other Borrower-owned property used for the MH Community.

The percentage of Borrower-owned Manufactured Homes must not exceed 35%. If the percentage of Borrower-owned Manufactured Homes is greater than 25%, then:

- the Borrower's business plan must reflect the conversion of the Manufactured Homes to owner-occupied over time; and
- on-going business related to the sale, financing, or rental of a Manufactured Home located on the Property must be performed by an Affiliate.

If any Affiliate-Owned Manufactured Homes are leased to tenants of an Affiliate of either the Borrower or a Key Principal, then:

- The lease must be at a market rate rent.
- If the tenant's rent payment includes both the rent for the Affiliate-Owned Manufactured Home and the rent for the MH Site, then either:
  - the check must be payable to and deposited by the Borrower, which must pay all required P&I, and escrows before remitting the rent payment to the Affiliate; or

- you must consider whether it is appropriate to require a lockbox arrangement with the Borrower and the Affiliate
  - into which all rent checks for the Manufactured Homes and MH Sites must be deposited, and
  - from which you can control the disbursement of funds for P&I, required escrows, and the Manufactured Home rentals, with the remainder disbursed to the Borrower.

## 603.01C MH Community

### Requirements

An MH Community Mortgage Loan must be secured by a first priority Lien on an MH Community that:

- has a minimum of 50 MH Sites;
- is made up of contiguous parcels or, if the MH Community is made up of Non-Contiguous Parcels, then:
  - all parcels are located within the same MSA; and
  - each separate parcel (individually), and all Non-Contiguous Parcels (together), comply with the Guide; and
- achieves at least a Level 3 Quality Rating per the Manufactured Housing Community Quality Rating Standards table in [Part III, Chapter 6: Manufactured Housing Communities, Section 603.02: MH Community Score](#).

An MH Community must be served by either

- public underground utilities, or
- private sewage treatment plants, septic systems, and private water wells which are:
  - common for the market;
  - owned by the Borrower or an Affiliate; and
  - in compliance with all applicable government requirements.

### Guidance

The Mortgage Loan may be secured by either an Age-Restricted MH Community or an All-Age MH Community.

You should consider the following:

- For an MH Community that is more than 25 years old, does the Borrower have a plan for placing new Manufactured Homes in the MH Community as MH Sites with older Manufactured Homes are vacated?
- Are the landscaping and entrance signage high quality and well maintained?
- For an MH Community served by a private sewage treatment plant, septic system, or a private water well, then:
  - Address the availability and cost of obtaining a backup source for water if the MH Community has a private water well.
  - Ensure that the operator of the facility, including its employees and contractors, meet all applicable government requirements to perform ongoing operation and maintenance.
  - If the operator is an employee of the Borrower, identify a local, qualified vendor that could be retained if substitute services are needed.
  - Exercise reasonable due diligence, including contacting municipal agencies, to confirm that
    - the MH Community’s connection to a municipal system has not been mandated, and
    - no mandate is expected to occur during the term of the Mortgage Loan.
  - If hookup is imminent, determine if an escrow for the cost is appropriate.

## 603.02 MH Community Score

### Requirements

You must determine the MH Community Score using the MH Community Quality Rating Standards table. The overall MH Community Quality Rating is based on the lowest rating for any 1 characteristic.

The MH Community must:

- meet a Level 3 Quality Rating; or
- achieve most of the minimum Quality Rating characteristics and either
  - the unsatisfactory characteristics are not materially detrimental to the performance, overall appearance, desirability, and quality of the MH Community, or
  - any failed characteristic must be remediated as a Completion/Repair item.

### 603.03 Code Standards

#### Requirements

You must determine if all Manufactured Homes in the MH Community meet the requirements of the Federal Manufactured Home Construction and Safety Standards of 1974 (HUD Code) (42 USC Chapter 70; 24 CFR Part 3280), as amended.

#### Guidance

Fannie Mae may allow pre-HUD Code Manufactured Homes if

- they are Borrower-owned homes or Affiliate-Owned Homes that comply with local codes with no identified life safety issues,
- the Borrower certifies, and the Loan Documents reflect that no additional pre-HUD Code homes will be added to the MH Community during the term of the Mortgage Loan, and
- you document the number of pre-HUD Code homes.

### 603.04 Flood Zone

#### 603.04A Rising Water

#### Requirements

For an MH Community located in a flood zone with rising water (e.g., flood water that quickly dissipates and flood zone A or AE) you must ensure the

Borrower notifies all Homeowners and all tenants of Borrower-owned or Affiliate-Owned Homes occupying an MH Site located in the flood zone before the Mortgage Loan Origination Date.

**For Manufactured Homes located in a rising water flood zone...**

If you

- do not know the base flood elevation for the flood zone (e.g., flood zone A), or
- know that the living floor levels are below the base flood elevation

Then:

- you must calculate the Underwritten DSCR excluding the site rent for Manufactured Homes with living floor levels within the flood zone; and
- if the resulting Underwritten DSCR decreases to more than 10 basis points below the minimum Tier 2 standard, you cannot underwrite the site rent for those Manufactured Homes.

**603.04B** Moving Water

Requirements

For an MH Community located in a flood zone with the potential for flooding due to moving water (e.g., typically in flood zone A and AE and located next to a stream, river, etc.), you must ensure:

- your underwriting assumes that MH Sites located in the flood zone are considered non-income producing MH Sites; and
- the Borrower notifies all Homeowners and all tenants of Borrower-owned or Affiliate-Owned Homes occupying an MH Site located in the flood zone before the Mortgage Loan Origination Date.

**603.05** Lease Terms

**603.05A** Master Leases

Requirements

You must ensure there are no master lease arrangements affecting any of the MH Sites.

**603.05B** MH Site Leases

## Requirements

Leases must be in writing and must not contain an option to purchase the MH Site.

## Guidance

You may reimburse the Borrower from the Origination Fee for up to a combined total of \$10,000 for the cost of any required third-party reports if the Borrower implements all of the following tenant MH Site Lease protections for at least 50% of the MH Sites:

- 1-year renewable MH Site Lease term, unless there is good cause for nonrenewal;
- minimum 30-day written notice of rent increases;
- 5-day grace period for rent payments, and tenant's right to cure defaults for nonpayment of MH Site Lease rent; and
- tenant's right to:
  - sell the Manufactured Home without first relocating it out of the community;
  - sublease the Manufactured Home or assign the MH Site Lease to a buyer, as long as the buyer meets the minimum MH Community rules, regulations, and credit quality for financing consistent in the market;
  - post "for sale" signs on the Manufactured Home that comply with the MH Community Rules and Regulations;
  - sell the Manufactured Home in place within 45 days after eviction; and
  - receive notice at least 60 days before any planned sale or closure of the MH Community.

## Operating Procedures

Fannie Mae will reimburse the cost of any third-party report within 2 months after the delivery of the Mortgage Loan. To receive reimbursement, you must:

- request an invoice from the vendor with the report cost listed as a separate line item from any ancillary charges (Fannie Mae will not reimburse other costs such as fees for expediting a report);
- within 1 month after the Mortgage Loan Origination Date:
  - complete [Form 4829](#), detailing the Lender's information, the commitment number or loan number, Property information, wiring instructions, and listing the third-party cost as "Other" (note that any

fields related to servicing may be left blank); and

- manually sign or e-sign [Form 4829](#), scan or save it as a PDF file, and email the signed PDF [Form 4829](#) and the third-party report invoice to [mhc\\_report\\_reimbursement@fanniemae.com](mailto:mhc_report_reimbursement@fanniemae.com);
- include in the Multifamily Loan Agreement:
  - a Borrower representation stating the actual percentage of MH Site Leases that incorporate the required tenant protections, and a covenant to continue the tenant protections over the entire Mortgage Loan term; and
  - a Borrower requirement to annually submit to you:
    - a certified copy of the MH Community’s current Rules and Regulations;
    - a certified copy of the current form of Residential Leases for MH Sites;
    - copies of any actual Residential Leases for MH Sites you request; and
    - a certification of the actual percentage of MH Site Leases that include all of the required tenant protections; and
  - receive a Guaranty (Payment) ([Form 6020 series](#)) from the Key Principal, guarantying the repayment (not to exceed 10% of the Mortgage Loan amount) of all pricing incentives, rebates, and fees you provided if the Borrower fails to maintain the specified percentage of MH Site Leases with all of the required tenant protections.

## Guidance

You may allow

- month-to-month lease terms,
- lease terms for up to 2 years, and
- lease terms longer than 2 years, but only if the lease provides for:
  - an annual rent increase sufficient to cover the current and/or projected Consumer Price Index (CPI);
  - the pass-through of real estate taxes over a base year;
  - the pass-through of any utilities provided by the Borrower; and
  - cannot result in the Manufactured Home on the MH Site being titled as real estate.

## 603.05C Security Instrument Modification

### Requirements

You must modify the Security Instrument to reflect the use of short-term or long-term leases.

## Section 604 Property Insurance

---

### Requirements

You must ensure that the security for an MH Community Mortgage Loan (per Part III, Chapter 6: Manufactured Housing Communities, Section 603.01B: Collateral; Borrower-Owned Homes and Affiliate-Owned Homes) complies with Part II, Chapter 5: Property and Liability Insurance.

## Section 605 Survey

---

### Requirements

If you obtain an acceptable as-built survey of the Property, it must comply with Part II, Chapter 3: Legal Compliance, Section 305: Survey.

### Guidance

You should ensure that the survey only shows the location or dimensions of

- the individual MH Sites,
- any individual Manufactured Homes or recreational vehicles, and/or
- the related MH Site or recreational vehicle site (RV Site), piers, and/or foundations, that constitute encroachments.

### 605.01 Public Roadways, Private Interior Roadways, and Drives

### Guidance

You should ensure that the survey accurately shows all public roadways.

For any private interior access roads, streets, drives, parking areas, visible utilities, and structures without foundations, the survey:

- does not need to show them accurately from field measurements, unless they constitute encroachments;
- should include a sketch showing their approximate location; and

- may locate them by photogrammetric or other approximate methods.

## 605.02 Setbacks

### → Guidance

You should identify and show 2 different types of setbacks on the survey:

- setback restrictions shown in documents of record; and
- setbacks imposed by applicable zoning ordinances or building codes.

You should ensure that the survey:

- states that the zoning setbacks apply only to permanent buildings and not to the Manufactured Homes; and
- includes recorded references or citations to authority for the zoning setbacks, or gives the reason why this information is not available.

## 605.03 Encroachments

### → Guidance

You may show the following encroachments by a simple indicating mark (i.e., a distinctive mark or symbol identified in the legend), without indicating dimensions:

- nonpermanent outbuildings or other structures; and
- recreational vehicles that are not set upon a supporting foundation, MH Site, or pier.
