GLOSSARY 5

501.04B Professional Liability Insurance

Requirements

If any level of healthcare is provided at a Seniors Housing Property, it must have professional liability insurance covering professional errors and omissions, medical malpractice, and all types of abuse.

The coverage amount must be at least

- \$1 million per occurrence/\$2 million general aggregate limit, plus
- excess/umbrella insurance as follows:

If the number of licensed beds is...	The minimum excess/umbrella insurance coverage is...
1 100	\$2 million
101 500	\$5 million
501 1,000	\$10 million
Over 1,000	\$25 million

For a Property with Assisted Living beds, Independent Living beds are not counted when determining the minimum coverage limit.

When general liability insurance and professional liability insurance coverages are combined under an excess/umbrella insurance policy, the required coverage is the higher minimum limit of the 2 underlying coverages.

The maximum deductible for professional liability insurance must not exceed the applicable maximum amount in [Part II, Chapter 5: Property and Liability Insurance, Section 501.04A: Commercial General Liability Insurance](#).

Guidance

When using a claims-made policy, you should consider whether an adequate “retroactive date” is in place. A retroactive date provides coverage for acts that took place before a specified date – usually before the effective date of the current policy. A retroactive date of 3 - 5 years before the current policy’s effective date is common.

If the Borrower changes carriers during the term of the Mortgage Loan, the addition of tail coverage or an extended reporting period endorsement, which extends coverage after the cancellation or termination of a claims-made policy, is important. These provisions help ensure that there is no

lapse in coverage.

You may satisfy the insurance coverage requirements with any combination of primary liability insurance and excess/umbrella insurance coverage, as long as they add up to the sum of the required minimum limits.

You may satisfy the insurance coverage requirements for excess/umbrella insurance when the limit meets the requirement for the covered location with the most beds.
