Part V Section 408.02B Releases or Reductions in Collateral .....	3
GLOSSARY .....	6

## **408.02B** Releases or Reductions in Collateral

Any request for a release or reduction of collateral must be processed in accordance with this Section, unless these instructions conflict with the terms and conditions of the Achievement Agreement or other Collateral Agreement.

### **1. General**

If the Borrower has not satisfied the requirements for a release or reduction of collateral contained in the Achievement Agreement or other Collateral Agreement, the Servicer must not approve the Borrower request, and may decline the Borrower request without notice to Fannie Mae. If the Servicer determines that the Borrower has satisfied the requirements of the Achievement Agreement or other Collateral Agreement, the Servicer must recommend the release or reduction of collateral through the MAMP, accompanied by the supporting documentation listed below. Upon receipt and review of all pertinent information, Fannie Mae will approve or deny the request and notify the Servicer of its decision.

### **2. Supporting Documentation and Analysis**

The following documentation must be submitted through the MAMP, and maintained in the Servicing File, in connection with each request for a release or reduction of collateral

#### **(a) Income and Expense Statements; Current Rent Roll**

Property income and expense statements and a current rent roll must be obtained from, and certified by, the Borrower. The statements must cover the applicable period required by the Achievement Agreement or other Collateral Agreement. Based on the Loan Documents, Parts I - III, the certified income and expense statements, and the current rent roll, the Servicer must develop a Net Cash Flow estimate to determine whether the release or reduction provisions of the applicable Achievement Agreement or other Collateral Agreement are satisfied. The income, vacancy, collection loss, and concession information should support the Effective Gross Income that the Servicer is relying on in assessing whether a release or reduction is warranted.

In deriving its estimate of Effective Gross Income, the Servicer must adjust for:

- income that was not allowed or recognized in the original underwriting;

- the effect of a partial year's performance when the shorter period reflects the short-term, positive impact from seasonal variations that do not reflect the Property's year-round performance; and
- non-monetary concessions, requiring the Servicer to deduct the pro-rata value of the concession from the monthly rent for the applicable unit.

The Servicer must ensure that all appropriate types of expenses, including underwritten Replacement Reserve deposits, are included, and that any inappropriate expenses (e.g., capital improvement costs, repair costs covered by funds set aside for Completion/Repairs, partnership costs, etc.) are excluded. To avoid unwarranted releases or reductions of collateral, the expense figures must reflect stabilized operating conditions, and must not be understated due to efficiencies or savings that could not be replicated by a different owner or manager, or that would not be recognized for underwriting purposes.

The Servicer must perform a line-by-line expense analysis, including a comparison of the original underwriting estimates with the actual expenses shown on the Borrower's income and expense statements. The Servicer must use the greater of the underwritten or the actual expense figure shown for each item on the Borrower's statement.

#### **(b) Servicer's Analysis**

The Servicer must provide an analysis and recommendation regarding the release or reduction of collateral, including any calculations required under the terms of the applicable Achievement Agreement or other Collateral Agreement.

#### **(c) Correspondence**

The Servicer must provide any correspondence with the Borrower that pertains to the release or reduction request.

### **3. Property Inspection**

Before approving any request for a release or reduction of collateral, the Servicer must perform a physical inspection of the Property to verify that:

- no deferred maintenance exists;
- necessary capital improvements have been made; and

- the general management and operations are acceptable and characteristic of a stabilized project.

The Servicer's inspection must occur no more than 90 days prior to the date of the submission to Fannie Mae of the release or reduction request. The Servicer must document the results of its inspection by completing the MBA Standard Inspection Form.
