Part V Section 409.05A Interest Rate Caps .....	3
GLOSSARY .....	4

#### **409.05A** Interest Rate Caps

Any payments by the Interest Rate Cap provider must be made to the Servicer and not to the Borrower. The disposition of funds depends on whether the Borrower is current on the Mortgage Loan and Reimbursement Agreement payment obligations (principal or PRF deposit, as applicable, interest, any Interest Rate Cap escrow, and all other amounts then due) or any default exists under the Reimbursement Agreement or any other Loan Document.

If no default exists, the Servicer must remit the Interest Rate Cap provider's payment to the Borrower. If a default exists, the Servicer must retain the Interest Rate Cap provider's payment as additional collateral for the Borrower's obligations, to be held in accordance with the applicable agreements, and notify Multifamily Structured Asset Management of the receipt of the payment.

If the Bond Trustee or another third party is to receive any payments from the Interest Rate Cap provider, and the Borrower is not current on its payments or a default exists, then the Servicer must:

- notify the payee of the facts; and
- instruct the third party to withhold the payment to the Borrower, and make payment to the Servicer to be held as additional collateral for the Borrower's obligations.
