Part V Section 416.04 Credit Facility Release and Substitution Requests ..... 3

GLOSSARY ..... 5

#### **416.04 Credit Facility Release and Substitution Requests**

If permitted by the Master Credit Facility Agreement and other Loan Documents, Borrowers may be allowed to release or substitute collateral. These requests must follow the provisions of the Loan Documents, and approval is not delegated to the Servicer.

The Borrower must initiate the release/substitution process by submitting a written request to the Servicer. Upon receipt, the Servicer must submit a release/substitution request package through the MAMP that includes:

- the Servicer's summary of the Borrower's release/substitution request, and its recommendation regarding approval of the requested release/substitution;
- any waiver requests and the Servicer's recommendation for approval of each waiver;
- when the Borrower expects the release/substitution to close;
- whether the Property meets all conditions and compliance tests (e.g., LTV, DSCR, UPB, geographic/asset concentration) per the applicable Loan Documents;
- the release price and calculations (per the terms of the Master Credit Facility Agreement and other Loan Documents);
- the Allocable Facility Amount of each Property after the release;
- the amount of the release/substitution fees to be collected;
- whether a prepayment or advance of funds will occur;
- the Structured Facilities Monitoring Spreadsheet ([Form 4802](#)) showing the Mortgage Loan level and collateral level data for the Structured Transaction both before and after the release/substitution occurs;
- third-party reports; and
- any other items required by the Loan Documents.

If a Letter of Credit or cash collateral is required for the request, the Servicer must enter the Letter of Credit or cash collateral information in MSFMS. Any Letter of Credit must comply with [Part I, Chapter 2: Mortgage Loan, Section 204: Letters of Credit](#), and original Letters of Credit must be sent to Multifamily Structured Acquisitions.

If the request is approved, the Servicer must:

- submit its payoff calculations to Multifamily Structured Acquisitions;
- release the collateral from the MSFMS system; and
- if necessary, release, update, and verify any associated interest rate hedges in MSFMS.
