Part V Section 416.04 Release and Substitution Requests .....	3
GLOSSARY .....	5

## 416.04 Release and Substitution Requests

To the extent permitted by the provisions of the Master Credit Facility Agreement, Bulk Delivery Agreement, and the other Loan Documents, Borrowers may have the ability to release or substitute collateral. These requests must follow the provisions of the Loan Documents, and are not delegated under this Section.

The Borrower must initiate the release/substitution process by submitting a written request to the Servicer. Upon receipt, the Servicer must submit a release/substitution request package through the MAMP that includes:

- the Servicer's summary of the Borrower's release/substitution request, and its recommendation regarding approval of the requested release/substitution;
- any waiver requests and the Servicer's recommendation for approval of each waiver;
- when the Borrower expects the release/substitution to close;
- whether the Property meets all conditions to release/substitute and compliance tests (e.g., LTV, DSCR, geographic/asset concentration) stipulated in the Master Credit Facility Agreement, Bulk Delivery Agreement, and other Loan Documents;
- for a Credit Facility, the release price and calculations (calculated according to the terms of the Master Credit Facility Agreement and other Loan Documents);
- for a Credit Facility, the remaining Allocable Facility Amount balance of the facility and each property after the release;
- the amount of the release/substitution fees associated with the transaction;
- whether a prepayment or advance of funds is expected to occur in connection with the transaction;
- the Structured Facilities Monitoring Spreadsheet ([Form 4802](#)) showing the Mortgage Loan level and collateral level data for the Structured Transaction both before and after the release/substitution occurs;
- third-party reports; and
- any other items required by the Loan Documents.

If a Letter of Credit or cash collateral is required as part of the

request, the Servicer must enter the Letter of Credit or cash collateral information in MSFMS. Any Letter of Credit must meet the requirements of [Part I, Chapter 2: Mortgage Loan, Section 204: Letters of Credit](#). Original Letters of Credit must be sent to Multifamily Structured Acquisitions.

If the request is approved, the Servicer must:

- submit its payoff calculations to Multifamily Structured Acquisitions;
- release the collateral from the MSFMS system; and
- if necessary, release, update, and verify any interest rate hedges associated with the transaction in MSFMS.
