Section 204 Refinance Risk Analysis

Requirements

You must prepare an exit strategy analyzing the Borrower's ability to refinance the Mortgage Loan in the year after the Maturity Date (e.g., use the projected NCF in year 11 for a Mortgage Loan with a 10-year term), by calculating a:

- reversion cap rate, which is the expected capitalization rate able to be supported per the projected NCF; and
- Refinance Interest Rate.

204.01 Base Assumptions

Requirements

For Loan Year 1, use the Underwritten NCF. For all subsequent Loan Years, you must derive proforma NCF as follows:

Factor	For...	Use...
Income Growth Rate	• Structured Transactions, and • Mortgage Loans secured by multiple Properties	2%.
	All other Mortgage Loans	the growth rates published in DUS Gateway for the Property.
Economic Vacancy	All Mortgage Loans	the underwritten economic vacancy rate.

Factor	For...	Use...
Real Estate Taxes	California Properties	• for Acquisitions, 2%; or • for refinances, no trending is required until the year when the actual tax bill would surpass the underwritten taxes, then trend by 2%.
	Non-California Properties	• 3% for - Structured Transactions, and - Mortgage Loans secured by multiple Properties; and • for all other Mortgage Loans, the growth rates published in DUS Gateway for the Property.

Factor	For...	Use...
Real Estate Tax Abatements	All Mortgage Loans	• if a Tax Abatement begins a phase out or expires within 5 years after the Maturity Date, fully assessed real estate taxes; and • if a Tax Abatement expires or taxes are expected to rise during the Mortgage Loan term, increase taxes to the expected level, then trend by: - 3% for ▪ Structured Transactions, and ▪ Mortgage Loans secured by multiple Properties; or - the growth rate published in DUS Gateway in the year prior to the adjustment for all other Mortgage Loans.
Management Fee	All Mortgage Loans	the underwritten rate.
Replacement Reserves	All Mortgage Loans	the underwritten value.
Insurance and Other Expenses	• Structured Transactions, and • Mortgage Loans secured by multiple Properties	3%.
	All other Mortgage Loans	the growth rates published in DUS Gateway for the Property.

You must estimate the Mortgage Loan UPB at the Maturity Date as follows:

For...	Use...
Amortization	• 30 years, or • the amortization for the applicable product or features.
DSCR	The minimum Tier 2 DSCR for the applicable product or features, per Form 4660 .
LTV	The maximum Tier 2 LTV for the applicable product or features, per Form 4660 .

Guidance

In most cases, the combined effect of principal amortization and NCF growth should result in a refinancing at the minimum DSCR and maximum LTV for Tier 2, using a reasonable interest rate.

You should consider the following refinance parameters:

- A target reversion capitalization rate at least 2.0% greater than the initial capitalization rate used for determining Underwriting Value.
- A Refinance Interest Rate at least 2.00% greater than the Gross Note Rate.

204.02 Alternative Assumptions

Requirements

You must:

- present an alternative risk analysis using assumptions that deviate from the base assumptions if:
  - you determine the base assumptions do not appropriately estimate the Property's NCF over the Mortgage Loan term; or
  - third-party data providers project rent growth materially below Fannie Mae growth rates published in DUS Gateway;
- identify and support any deviations with
  - reliable evidence, and
  - historical and projected market trends; and
- state your conclusions, discussing any mitigating factors, such as the:
  - strength of the

- Sponsor, or
- submarket; and

- Property's
  - characteristics,
  - operating history, and
  - performance.

Guidance

Income and Expense Growth Rates: Income and expense trending should incorporate projected market rates based on general economic, market, and submarket conditions from industry standard sources, as well as the Property's characteristics. For example:

- Rents on recently signed leases should only be used for estimating income growth in Loan Years 1 and 2.
- Rent projections greater than the Base Assumption Income Growth Rate should not be used beyond Loan Year 4.
- When improvements in market economic occupancy or sustained market rental rate increases are widely anticipated, growth trends above the Base Assumption Income Growth Rate may be supported.
- Projections of income growth resulting from Property renovations or improved operations should be limited to the first 3 Loan Years.
- When a Property is subject to a scheduled reassessment or a Tax Abatement phase-in period, tax expense should be adjusted appropriately.
- If a Tax Abatement begins a phase out or expires more than 5 years after the Maturity Date, consider if the increased expense within 10 years after the Maturity Date may affect the Borrower's ability to refinance, and warrants
  - a lower Mortgage Loan amount,
  - faster amortization, or
  - a reduced interest-only period.
- When you expect to incur costs for tenant improvement allowances and leasing commissions, or to realize rent increases from the rollover of tenants, commercial income should be adjusted appropriately.
- A substantially renovated Property, with improved in-unit finishes and/or

new/renovated amenities, may experience different income and expense growth rates than properties of the same age; therefore, growth trends differing from the Base Assumption Income Growth Rate may be supported.

Economic Vacancy: Properties in submarkets with depressed economic conditions due to temporary demand or supply issues may be modeled to reflect the economic vacancy projected by a reliable source. If you expect a decrease in vacancy to achieve stabilized levels, you should consider

- the anticipated timing, and
- effect of decreased economic vacancy on projected income growth over the same time period.

Glossary

A

Acquisition	Any Purchase of either the: • Propertys fee simple or leasehold interest via a deed transfer; or • Controlling Interest in the Borrower. **Synonyms** • Acquisitions

B

Borrower	Person who is the obligor per the Note. **Synonyms** • Borrowers • Borrower's

D

Debt Service Coverage Ratio	On an annual basis or any specified period, the ratio of Net Cash Flow to the total of: principal, interest, and required Mezzanine Financing or Hard Pay Preferred Equity payments. **Synonyms** • DSCR
DUS	Delegated Underwriting and Servicing
DUS Gateway	Multifamily pre-acquisition system, or any successor systems, recording deal registration, Pre-Review and/or waiver tracking, Mortgage Loan Commitments, and decision records.

F

© 2026 Fannie Mae. Trademarks of Fannie Mae.

Form 4660	Multifamily Underwriting Standards identifying Pre-Review Mortgage Loans and containing the underwriting requirements (e.g., debt service coverage ratio, loan to value ratio, interest only, underwriting floors, etc.) for all Mortgage Loans. **Synonyms** • Multifamily Underwriting Standards

G

Gross Note Rate	Mortgage Loan interest rate stated in the Loan Documents.
Guide	Multifamily Selling and Servicing Guide controlling all Lender and Servicer requirements unless a Lender Contract specifies otherwise. **Synonyms** • DUS Guide

I

Improvements	Buildings, structures, improvements, and alterations, including the multifamily housing dwellings, now or hereafter constructed or placed on the Property, including all fixtures (as defined in the UCC). **Synonyms** • Improvements'

L

Lease	Written agreement between an owner and the tenant of a Property stipulating the conditions for possession and use of real estate for a specified period of time and rent. **Synonyms** • Leases

Loan Year	Period beginning on the date of the Note and ending on the last day of the month that is 12 full months after the date of the Note, and each successive 12-month period thereafter. **Synonyms** • Loan Years
Loan-to-Value Ratio	Ratio of the actual aggregate UPB of the Mortgage Loan, plus any Pre-Existing Mortgage Loans, plus any Hard Pay Preferred Equity, plus any Mezzanine Financing, to the value of the Property, expressed as a percentage. **Synonyms** • LTV • LTV Ratio

M

Maturity Date	Date all Mortgage Loan amounts become fully due and payable per the Loan Documents. **Synonyms** • Maturity Dates
Mortgage Loan	Mortgage debt obligation evidenced, or when made will be evidenced, by • the Loan Documents, or • a mortgage debt obligation with a Fannie Mae credit enhancement. **Synonyms** • Mortgage Loans • Mortgage Loan's

N

Net Cash Flow	At underwriting or for any specified period, the amount calculated per Part II, Chapter 2: Valuation and Income, Section 203: Income Analysis and the applicable products and features in Part III. **Synonyms** • NCF

Note	Instrument evidencing a Mortgage Loan obligation, including
	• Form 6010 series,
	• any other Fannie Mae-approved note, and
	• all applicable
	  - addenda,
	  - schedules, and
	  - exhibits.
	
	Synonyms
	• Notes

P

Pricing and Underwriting Tier	Tier 1, Tier 2, Tier 3, or Tier 4 per the Multifamily Underwriting Standards (Form 4660). **Synonyms** • Tier
Principal	Person who owns or controls, in the aggregate, directly or indirectly (together with that Person's Immediate Family Members, if an individual), specified interests in the Borrower per Part I, Chapter 3: Borrower, Guarantor, Key Principals, and Principals, Section 303: Key Principals, Principals, and Guarantors. **Synonyms** • Principals

Project	Multifamily buildings • on multiple Properties, • owned by the same Borrower, and • that comply with Part II, Chapter 1: Attributes and Characteristics, Section 103.01: Single Borrower Ownership. **Synonyms** • Projects
Property	Multifamily residential real estate securing the Mortgage Loan, including the • fee simple or Leasehold interest, • Improvements, and • personal property (per the Uniform Commercial Code). **Synonyms** • Properties • Property's

R

Refinance Interest Rate	Maximum interest rate that could be supported based on the UPB, required DSCR, and projected Net Cash Flow for the first year following the Maturity Date. **Synonyms** • Exit Interest Rate • Exit Rate
Replacement Reserve	Custodial Account the Borrower funds during the Mortgage Loan term for Replacements. **Synonyms** • Replacement Reserves

Replacements	Capital item replacements and major maintenance needs identified by the Property Condition Assessment or otherwise required. **Synonyms** • Replacement

S

Sponsor	Principal equity owner and/or primary decision maker of the Borrower (often the Key Principal or the Person Controlling the Key Principal). **Synonyms** • Sponsors • Sponsor's

T

Tax Abatement	Any abatement, reduction, lessening, exemption, or deferral of real estate or other taxes levied against a Property, including any PILOT. **Synonyms** • Tax Abatements

U

Underwriting Value	Value of the Property determined by the Lender to size the Mortgage Loan per Part II, Chapter 2: Valuation and Income, Section 202: Appraisal and Valuation.
UPB	Unpaid Principal Balance **Synonyms** • UPBs
