GLOSSARY 4

203.08C Required Annual Adjustment to Correct Principal Balance vs. Security Balance Difference

Other differences may arise in the reconciliation between the UPB of the Mortgage Loan in a Security Pool and the outstanding Security Balance. These differences cannot exceed more than $0.25 for any Mortgage Loan in the Security Pool. At least once a year, the Servicer must make an adjustment to correct any differences.

1. If Security Balance is Greater than UPB

If the Security Balance is higher than the UPB of the Mortgage Loan, the Servicer must immediately deposit the funds in the scheduled/scheduled P&I Custodial Account for Security Pools so that the funds can be passed through to Fannie Mae (as an unscheduled principal collection) with the Servicers next monthly remittance.

2. If Security Balance is Lower than UPB

If the Security Balance is lower than the UPB of the Mortgage Loan, the Servicer may adjust a subsequent pass-through amount that includes an unscheduled principal collection to correct for this difference.

Glossary

C
